

Oversigt over IMPACT-publikationer 2022

Førsteforfattere:

1. **Berg SK, Wallach HK, Rasmussen LR**, Nygaard U, Bundgaard H, Petersen MNS, **Hammer CB**, Ersbøll AK, Thygesen LC, Nielsen SD, **Christensen AV**. Short- and long-term self-reported symptoms in adolescents aged 12-19 years after vaccination against SARS-CoV-2 compared to adolescents not vaccinated. A Danish retrospective cohort study. *Vaccines* 2022, 10, 1863. <https://doi.org/10.3390/vaccines10111863>
2. **Berg SK, Palm P**, Nygaard U, Bundgaard H, Petersen MNS, Rosenkilde S, Thorsted AB, Ersbøll AK, Thygesen LC, Nielsen SD, **Christensen AV**; Long COVID symptoms in SARS-CoV-2-positive children aged 0–14 years and matched controls in Denmark (LongCOVIDKidsDK): a national, cross-sectional study, *The Lancet Child and Adolescent Health*, June 2022, doi: 10.1016/S2352-4642(22)00154-7
3. **Berg SK, Palm P**, Nielsen SD, Nygaard U, Bundgaard H, **Rotvig C, Christensen AV**. Acute symptoms in SARS-CoV-2 positive adolescents aged 15-18 years - Results from a Danish national cross-sectional survey study. *Lancet Reg Health Eur*. 2022 Mar 24;16:100354. doi: 10.1016/j.lanepe.2022.100354.
4. **Berg SK**, Nielsen SD, Nygaard U, Bundgaard H, **Palm P, Rotvig C, Christensen AV**; Long COVID symptoms in SARS-CoV-2 positive adolescents and controls - Results from the national LongCOVIDKids-DK cross-sectional study, *The Lancet Child and Adolescent Health*, 2022 Apr;6(4):240-248. doi: 10.1016/S2352-4642(22)00004-9. Epub 2022 Feb 8
5. **Blakoe M, Berg SK, Højskov IE, Palm P, Bernild C**. One size does not fit all: A qualitative study exploring preferences and barriers towards the design of a loneliness reduction intervention in patients with coronary heart disease. 2022, *I: Nursing Open*. 9, 2, s. 1114-1125. Epub 2022 Jan 3
6. **Blakoe M, Berg SK, Højskov IE, Palm P, Bernild C**. Who Cares? Perception of Loneliness in Patients Treated for Coronary Heart Disease, Jan 2022, *I: Global Qualitative Nursing Research*. doi: 10.1177/23333936211073613
7. **Blakoe M, Christensen AV, Palm P, Højskov IE**, Thrysoe L, Thorup CB, Borregaard B, Mols RE, Rasmussen TB, **Berg SK**. Prognostic value of a brief loneliness questionnaire for patients with coronary heart disease: Proposal for a prediction model. June 2022, *I: Journal of Clinical Nursing*. 31, 11-12, s. 1686-1696.
8. **Graarup J, Højskov IE**. A New Normality Illuminated by Past and Present! A Qualitative Study: Experiences and Challenges of Everyday Life in Patients with Advanced Heart or Lung Failure, Nov 2022, *I: Global Qualitative Nursing Research*. doi: 10.1177/23333936221140374
9. **Missel M**, Beck M, **Donsel PO**, Petersen RH, Benner P. Do enhanced recovery after lung cancer surgery programs risk putting primacy of caring at stake? A qualitative focus group study on nurses' perspectives, Okt 2022, *I: Journal of Clinical Nursing*. s. 1-12.

10. **Missel M, Bernild C, Højskov IE, Berg, SK.** 2022. Controlling the Uncontrollable! Danish Citizens' Attitudes Towards the COVID-19 Vaccination Program – A Qualitative Case Study Employing the Lens of Bourdieu's Practice Theory, I: Archives of Internal Medicine. 5, 22, s. 259-290.
11. **Missel M, Bernild C, Christensen SW, Dagyarani I, Berg SK.** The marked body - a qualitative study on survivors embodied experiences of a COVID-19 illness trajectory, 2022, I: Scandinavian Journal of Caring Sciences. 36, 1, s. 183-191.
12. **Rotvig C, Christensen AV,** Juel K, **Svendsen JH,** Jørgensen MB, Rasmussen TB, Borregaard B, Thrysoe L, Thorup CB, Mols RE, **Berg SK.** The association between cardiac drug therapy and anxiety among cardiac patients: results from the national DenHeart survey. BMC Cardiovasc Disord. 2022 Jun 20;22(1):280. doi: 10.1186/s12872-022-02724-4.
13. **Schoenau MN.** Dominant restitution narratives of 'being lucky': An ethnographic exploration of narratives about operable lung cancer, 2022, I: European Journal of Cancer Care. 31, 5, s. 1-8.
14. **Wagner MK, Christensen AV,** Hassager C, Stenbæk DS, Ekholm O, Borregaard B, Thrysoe L, Rasmussen TB, Thorup CB, Mols RE, **Berg SK.** Sex differences in patient-reported outcomes in the immediate recovery period following resuscitation: findings from the cross-sectional DenHeart survey. J Cardiovasc Nurs. April 2022

Andenforfattere:

15. Sibilliz KL, **Berg SK,** Tang LH, Risom SS, Rasmussen TB, Thygesen LC, Borregaard B, Schmid JP, Køber L, Hassager L, Taylor R, Zwisler A-D. Long-term effects of cardiac rehabilitation after heart valve surgery - Results from the randomised CopenHeartVR trial. Scandinavian Cardiovascular Journal. doi: 10.1080/14017431.2022.2095432
16. Olesen AMR, **Missel M,** Boisen KA. The Needs and Care Experiences of Adolescents and Young Adults Treated for Cancer in Adult Surgery Clinics: A Qualitative Study, 2022, I: Journal of Adolescent and Young Adult Oncology. 11, 1, s. 48-55.
17. Rosenkilde S, **Missel M, Wagner MK, Dichman C,** Hermansen AS, Larsen MK, Joshi VL, Zwisler AD, Borregaard B. Caught between competing emotions and tensions while adjusting to a new everyday life: a focus group study with family caregivers of out-of-hospital cardiac arrest survivors, 2022, I: European Journal of Cardiovascular Nursing.

Sidsteforfattere:

18. Cromhout PF, Thygesen LC, Moons P, Nashef S, Damgaard S, **Berg SK.** Social and emotional factors as predictors of poor outcomes following cardiac surgery. Interactive CardioVascular and Thoracic Surgery, Volume 34, Issue 2, February 2022, Pages 193–200, <https://doi.org/10.1093/icvts/ivab261>

19. Christensen J, Winkel BG, Eskildsen SJ, Gottlieb R, Hassager C, **Wagner MK**. Return-to-work, and rehabilitation needs in cardiac arrest survivors - An exploratory cross-sectional study. *Eur J Cardiovasc Nurs*. June 2022
-

Øvrige:

20. Dalsgaard JL, Hansen MS, Thrysoe L, Ekholm O, Thorup CB, Mols R, Rasmussen TB, **Christensen AV**, **Berg SK**, Pedersen AK, Jensen LO, Mogensen CB, Borregaard B. Self-reported health and adverse outcomes among women living with symptoms of angina or unspecific chest pain but no diagnosis of obstructive coronary artery disease – findings from the DenHeart study. Accepted for publication in *European Journal of Cardiovascular Nursing*. doi: 10.1093/eurjcn/zvac085
21. Brylle MO, Rasmussen TB, Mols R, Thrysoe L, Hansen KN, Diederichsen A, **Christensen AV**, Ekholm O, Thorup CB, **Berg SK**, Borregaard B. The association between health-related quality of life, health behaviour and 1- and 3-year mortality among cardiac patients with and without diabetes. Accepted for publication in *Quality of Life Research*. doi: 10.1007/s11136-022-03223-x. Epub 2022 Aug 15.
22. Lauck SB, McCalmont G, Smith A, **Kirk BH**, Ronde-Tilmans M, Wundram S, Adhami N. Setting a Benchmark for Quality of Care – Update on Best Practices in Transcatheter Aortic Valve Replacement Programs. *Crit Care Nurs Clin N Am* 2022;02.009
23. Elbrønd PG, Larsen M, **Missel M**, Bay LT, Petersson NB, Oliffe JL, Borregaard B. A qualitative study on men's experiences of health after treatment for ischaemic heart disease, 2022, I: *European journal of cardiovascular nursing: journal of the Working Group on Cardiovascular Nursing of the European Society of Cardiology*. 21, 7, s. 710-716.
24. Olesen AMR, Boisen KA, **Missel M**. How Adolescents and Young Adults with Cancer Experience an Age-Appropriate Intervention When Undergoing Treatment in Adult Surgery Clinics: A Qualitative Study, 2022. I: *Journal of Adolescent and Young Adult Oncology*. s. epub.
25. Ramstad KJ, Brørs G, Pettersen TR, Deaton C, **Palm P**, Rotevatn S, Wentzel-Larsen T, Norekvål TM. eHealth technology use and eHealth literacy after percutaneous coronary intervention. *Eur J Cardiovasc Nurs*. 2022 Oct 3;zvacc087. doi: 10.1093/eurjcn/zvac087. Epub ahead of print.
26. Brørs G, Dalen H, Allore H, Deaton C, Fridlund B, Osborne RH, **Palm P**, Wentzel-Larsen T, Norekvål TM; Health Literacy and Risk Factors for Coronary Artery Disease (From the CONCARDPCI Study), *The American Journal of Cardiology*, July 2022, DOI: 0.1016/j.amjcard.2022.06.016
27. Joshi VL, Tang L, Kim Y, **Wagner MK**, Nielsen JF, Tjoernlund M, Zwisler AD. Promising results from a residential rehabilitation intervention focused on fatigue and the secondary psychological and physical consequences of cardiac arrest: The SCARF feasibility study. *Resuscitation*. February 2022.

28. Nielsen M, Rasmussen TB, **Wagner MK**, Bekker D, Bruvik SM, Ekholm O, **Berg SK**, Thrysoe L, **Christensen AV**, Mols R, Thorup CB, Borregaard B. Return to work and everyday life following out-of-hospital cardiac arrest. Results from the national survey, DenHeart. Heart & Lung. November 2022.
