

SafeBoosC newsletter March 2023

Dear investigators

Welcome to the March 2023 issue of the SafeBoosC newsletter.

SafeBoosC-III follow-up

The follow up protocol manuscript is finished and will be submitted when the SafeBoosC-III results are published. It is going well with collecting the parental questionnaires. So far, 43 centers have participants that have reached two years of corrected age, and 36 centers have started data entries in OpenClinica. Data entry has been completed for a total of 290 participants and 301 families have filled out the parental questionnaire. In total, there are 367 out of 450 participants with primary outcome data, accounting for both OpenClinica data entries and parental questionnaires. For an overview of data completion, please see figure 1. For an overview of each centre's data completion see table 1.

Figure 1: Overall data completion in the SafeBoosC-III follow up study

Table 1: Open centres, number of eligible participants for two year follow up and data completion for each centre up until the 30th of March 2023. Centres highlighted in green indicate that all three tasks (ethics approval, blinding procedure approval and appointment of blinded assessor) have been completed in order to start the follow up study.

Country	Centre	Participants eligible for two year follow up	Completed data entries in OpenClinica	Completed parental questionnaires
Austria	University Hospital Graz	5	4	2
Belgium	UZ Leuven	13	7	8
Belgium	Liege Rocourt	2	1	1
Belgium	Grand Hospital de Charleroi	5	0	4
Belgium	AZ St. Jan University Hospital Brugge	Feb 2023 (missing blinded assessor)		
Belgium	CHU Tivoli	Dec 2022 (missing blinded assessor)		
Czech Republic	The Institute for the Care of Mother and Child	32	26	22
Czech Republic	Motol University Hospital	May 2023		
China	Children's Hospital of Zhejiang, Hangzhou	May 2023		
China	Children's Hospital of Fudan University, Shanghai	(unknown if they will participate due to COVID surge)		
China	Hainan Women and Children's Medical Center	Aug 2023		
China	Guangzhou Women and Children's Medical Center	No data		
China	Longgang District Central Hospital of Shenzhen	(unknown if they will participate due to COVID surge)		
China	The People's Hospital of Dehong	(unknown if they will participate due to COVID surge)		
China	Guangxi Maternal and Child Healthcare Hospital, Nanning	(unknown if they will participate due to COVID surge)		
China	Xiamen Children's Hospital	(unknown if they will participate due to COVID surge)

SafeBoosC-IIIv

The protocol manuscript is being finalised for publication. During summer, there will be a steering committee meeting where we will discuss the future of the trial.

Thank you for your time,

SafeBoosC III
SAFEGUARDING THE BRAIN OF OUR SMALLEST CHILDREN
